Heath Visitors and Early Years Advisory Team

From time to time we have visits from Heath Visitors and the Early Years Advisory team at West Berkshire Council. During their visits we may discuss your child with them but we can only do this with your permission. Any necessary information they give us will be passed on to you, but most of the time it is a general chat. We find that these visits really benefit all of the children at the Pre-school and help staff to identify any problems at the earliest possible stages.

I agree/disagree to the staff at St George's Pre-school to discuss my child
(Child's name) _____ with the Heath Visitors and Early Years
Team.
